CO. L TO ENTERTAIN.

Five hundred invitations have been
issued by the members of Co. L for
their big Easter ball at the Armory
next Tuesday evening April 21st.
The affair promises to be a most elab-
orate one in every detail and will
without doubt eclipse anything in the
way of a social event given in this
city for some time past. For this oc-
casion the hall will be beautifully
decorated, and every comfort which
may add to the entertainment of
those in attendance has been provided
for. Repairs have recently been
made upon the Armory floor and it
will be in excellent condition for dancing.
Music will be furnished by the
Military Orchestra and a number of
new selections will be rendered for
the first time in the city.

Following are those on the various
committees who have the affair in
charge:

Reception—The entire company.
Invitation—Chatterton, Wesley, Se-
gestrom.

Decorations—Ball, Ashton, Han-
chett, O'Melia, Knapp, Reynolds,
Higgs, Johnson, Sorenson, Erick.

Floor—E. O. Brown, Dorsch, Lead-
better, Himes, Friedrich, Johnston,
Kramer, Dildier, Reed.

ART EXHIBIT.

Miss Moffett, supervisor of music
and drawing in the city schools, has
with the co-operation of teachers,
prepared an exhibit of color work
produced by the pupils of the various
grades during the month of March.
The exhibit is at the public library
where it is attracting considerable at-
tention and is the subject of much
favorable comment. This work
shows study of the standard colors,
primary and secondary, and com-
plementary colors in different washes.
The exhibit displays more than the
average ability on the part of the
children and also speaks for the ex-
cellent training that has been given
them in this study. Miss Moffett is
entitled to no little credit for the
good results produced by her classes.
To those who have not seen the ex-
hibit it will be well worth their time
to visit the library.

FISHERMEN HAPPY.

Yesterday marked the opening of
the trout season and local anglers are
already commencing to get busy with
rod and reel. The streams in this
section which are said to be well
stocked with trout are Deerbrook and
the Prairie River. For many years
April 15th was the day on which it
became legal to go trout fishing, but
three years ago the legislature changed
the game laws and made May 1st
the opening day. Last year it was
changed back and the season now
runs to September 1st, as it used to
be. Instead of August 15th as it did for
a couple of years. During the last year
many cans of trout fry have been
planted in the neighboring streams
and many cans more will be added
this summer.

FARMERS' INSTITUTE.

We are planning to hold summer
institutes in northern Wisconsin in
June, at points in the state that are
too far north to make winter meet-
ings advisable.

If your town has a hall that can be
furnished free in which to hold a one
day meeting and your farmers and
business men wish an Institute some
time during June, write to this office
for a blank petition.

Only a limited number of these
meetings can be held, so if you wish
a meeting for your town write at once
as the earliest applications will re-
ceive the most favorable considera-
tion. Geo. McKinnow, Supt.

WEALTH AND DIPLOMACY.

One good result of the Kaeser-Hill
incident is the reaffirmation of the
present administration not to regard
large wealth as a sine qua non in the
selection of representatives to foreign
governments. It is the intention of
Mr. Roosevelt and Mr. Root to make
the highest posts in the diplomatic
service the rewards of ascertained
merit and usefulness in the less im-
portant posts; and the fact is pointed
out that the last four appointments
of ambassadors—to Russia, Brazil,
Japan, and Germany—have all been
made in accordance with this prin-
ciple, all of the men selected being men
of moderate means. This principle
will be generally approved; for, while
it is true that Congress ought to pro-
vide official residences for our minis-
ters and ambassadors, and ought to
increase their salaries, it would be
intolerable if our diplomatic service
were to be manned by millionaires
only.—E.E.

MANY TOWNS GO DRY.

No license carried in the following
Wisconsin towns voting on the ques-
tion: Vilnius, Dodgeville, Fenimore,
Montford, Darlington, Shullsburg,
Cobb, Barnerwald, Sparta, Grants-
burg, Benton and Barron. Many
smaller towns throughout the state
also went "dry." License carried in
the following: Mineral Point, Platt-
ville, Lancaster, Argyle, Belmont,
Tomah, Altoona City, Blanchardville,
and South Wayne.

SIZES UP SITUATION.

Antigo Republican Gives a Few Facts on
the Saloon Question.

The prohibition boom has made an-
other sweep. This time it brushed
1500 saloons out of Illinois—the seat
of war in that part of the country.
Without any brass band accompani-
ment it carried victory in a score of
Wisconsin cities and made almost a
clean sweep of Michigan.

In Langlade county the advance of
the prohibition wave was manifested.
Antigo's "no license" vote of a year
ago, which was 254, almost was
doubled this year with 451 votes in-
cluding victory in the First and Sec-
ond wards. A like gain in course of
the next year or two would mean no
saloons for Antigo. This may never
happen but the local temperance lead-
ers claim it is only a few years away.

As if walking from a long sleep men
interested in the liquor business are
rubbing their eyes and wondering
what has struck them. In a great
many cities where the "big broom"
didn't make a clean sweep, it raised
enough dust to cause apprehension.

The fact is the many prohibition
supporters are not necessarily tem-
perance men. They are anti-saloon
men. It is a question of saloons not
of temperance. It is a question of
law not of license.

"I voted against the saloons today,
not because I believe men should not
drink, but because I believe the sa-
loons should observe the law," said a
business man on Tuesday.

This explains the situation in Anti-
go. The saloonmen wonder at the in-
crease of in the opposition, but are
blind to the very cause of it. Antigo
has a respectable lot of saloonkeepers.
They are good citizens in a way, but
are careless—perhaps unintentionally
so. The reins have been placed in their
hands and they are driving recklessly.
If they hit a big bump in the road
who is to blame?

The Republican is not "lighting"
the saloons. It is trying to set forth
plain facts.

WAS NOT A CITIZEN.

Though he has lived in the United
States for half a century, fought in
the Union army during the Civil war
and has always considered himself a
full fledged citizen, John Sexton was
told by Receiver Morrison at the
United States land office yesterday
that he could not prove up on his
claim because he is not a full fledged
citizen.

Sexton is 64 years old and the an-
nouncement came to him as a thun-
derbolt. He told his life's history,
showed the papers he always thought
entitled him to full citizenship and
spoke modestly of his war record, but
the officials could do nothing but sym-
pathize.

Sexton came to the United States
with his parents, when he was a boy.
He went to the front during the Civil
war with First Minnesota heavy ar-
tillery and was given an honorable
discharge in 1865. The discharge en-
titled him to first papers and he ap-
plied for second papers some years
later. By mistake, first papers were
given him and he never discovered
the error. Sexton's homestead is at
Harrison, St. Louis county, on the
line of the D. & I. R. railroad.—Du-
luth Herald.

CHARGE FOR PARCELS.

The Chicago & Northwestern rail-
way has put in force a new rule re-
garding the leaving of parcels and
grape in ticket offices along its line.
A charge will be made, hereafter, the
new rule going into effect last Wednes-
day.

When grips or parcels are left at
any ticket office the agent will issue a
receipt for them to the owner. A
charge of ten cents will be made for
every 24 hours. If the property is
lost before the owner calls for it the
company will stand good for it up to
the extent of \$10.

In the past it has been common for
the traveling public to be accommo-
dated in this manner free of charge.
Just what has brought about the new
order is not known, but it is supposed
that at some place along the line a
grip or other property has been lost
and a claim has been put in against
the company for its value.

WILL BE JUDGE BARNES IN AUGUST

Supreme Court Justice-elect Barnes
will not take his seat until the second
Tuesday in August, according to the
interpretation given to the statutes
at the Capital. The law says in the
case of a judicial election to fill a va-
cancy, the candidate elected shall
take his seat the first of the next
regular term of court. The supreme
court meets for its next regular term
in August.

WONT MARK POST CARDS.

As a result of numerous complaints
of postals and post cards being defaced
by the postmarking, the postmas-
ter general has ordered discontinu-
ance of postmarking of cards at the
office of address. The postal card had
reached enormous proportions and the
new ruling is expected by the postal
officials to be received with de-
light by thousands of collectors.

THE LILIES.

Pale, with the coldness of death in their
 Dying they gleam thro' the shadowy
 Dying in grief at the tomb of the
 Master.
 Drooping and paleless, and waxen and
 Red grows the dawn and the shadow
 Hark to the anthem that peals from
 above!
 Wake ye and rouse ye—mourn not for the
 Master!
 Rest are His comements, for Death
 Leads to Love!

Lift up your chaplets, ye virginal
 Lilies,
 Flowers of the Rising that nature holds
 dear;
 Tremble in your sweetness from chance
 and altar.
 Spread the glad tidings that Easter is
 here.
 Tell it, ye voices, in cruel and anthem,
 Sing it, and ring it from steeples that
 sing away.
 Tell it with coral and chiming and lily—
 Flower of the sepulcher, flower of the
 day.

Easter Cupids

By
Garret Eubank

When Billy came in from the corral he had evolved the "great idea." And it was all for the happiness of one "Monty" Levering, once known as A. Montague Levering, but who had recently taken up the glorious occupation of a cow puncher, and who—but that is getting ahead of the story.

The girl lived in Boston, and her father was a judge and rich, which is truly an unusual condition for most judges. She was young, petite, and her cheeks were as red as the autumn apple. When she smiled her teeth were as pearls, and when she laughed the springtime brook was shamed in comparison. At least this was the description that rested snugly in the sentimental part of "Monty's" mind; the picture that caused him to hesitate many times before he engaged in the usual "puncher" pastimes.

"Monty" was at Harvard when he met her, and he had called at her home several times. But when his father took the receiver's route the judge decided that any such thing as an affair between the young people must end. And so "Monty," in the depth of his despair, went to the west.

"It will never be anyone but you, Monty, dear," she told him. "No matter how long it may be, or how far away you are, I will come to you if you need me."

"But I need you now," protested "Monty." "I need you every minute; I will need you forever."

"Yes, dear," she replied, "but we must wait awhile and we will surely find a way."

So "Monty" rode the whole day long among the cattle, repelling countless miles of fence, listening to the wails of the homeless kyoote, and thinking, thinking, thinking. As the days rolled by a look of despair settled in his blue eyes, and the boys at the ranch held innumerable councils of war to determine ways and means of rendering assistance. They knew his story. It was told by a letter which one of the men had accidentally opened. And there is nothing like the mute sympathy of the puncher. It is equal to any emergency; it is from the heart of nature.

So when Billy McDermott conceived the idea there was an immediate conference of the clans. "Monty" was out at the other end of the ranch, so the secret was safe. "It's as plain as the nose on your face," declared Billy, vehemently, as

Easter-tide

and cordlessly. And the Easter date was found.

"That figures out just right," declared the plotting lily. "My scheme is this. Every woman likes to be married on Easter. There's something about it that appeals to the feminine nature. So the thing we'll do is to write this lady a letter, tell her all about Monty's just about ready to go to the dogs and that serious things will happen if she don't put in appearance and marry him. That'll gain her sympathy. Then we'll tell her that on Easter day we'll meet her at Arapahoe with Monty and a minister, and all will be merry. Do you catch me? The whole thing will appeal to her romantic nature, and I'll bet a hundred she comes. What do you say?"

Needless to say the plan appealed to everybody present, and after many laborious hours the following epistle was penned and addressed to Miss Helen Oldham, 18 Alston court, Boston: Miss Helen Oldham, 18 Alston Court, Boston:

Dear Miss: My boys think Monty Levering is about the best there is. But we are a heap wiser to say that he is nearly ready to jump off at the jumping off place because he cannot marry you. Now if you are stuck on him like he is on you, we have a plan which we will now disclose. On Easter day we are all going to the Arapahoe, taking Monty with us. If you are on the California Limited, with stops there for water, we will be present with a minister and you and Monty can be properly spliced without trouble. We are within this from the depths of our hearts and we hope you will see that things are urgent. Answer as soon as possible.

Yours For Keeps
 THIS BOY'S OLD SXR.
 Address Billy McDermott.
 P. S.—Monty don't know nothing about this.

When Monty rode in to the headquarters next day he was greeted with an unusual display of warmth and feeling. He noticed, however, that there were many mysterious whispers.

"What's the matter with you fellows?" he demanded, when he discovered Billy and Shorty with their heads together that evening after dinner. "You look like you're plotting to shoot me up at the first chance. Come on and tell me what's up."

"Go on now, you old Harvard dude," mimicked Shorty, as he hastily dodged out of reach of Monty's boot. "Can't two fellows talk secrets without you buttin' in? And you just wait awhile. Maybe we're talkin' 'bout you, after all."

After a certain period of time had elapsed, and the boys had com-

menced to grow uneasy, a letter came addressed to Billy.

"Your matchmaking methods are unusual, to say the least," the letter stated. "But I believe you are honest and good and you came up to trust in you implicitly. If Monty needs me I will come. I want to say that I will marry him if he hasn't a cent in the world. My father goes to New Orleans next week to be gone a month. And I will be on the California Limited when it stops at Arapahoe on Easter day. I have always wanted to be married on Easter. It is so good and sweet that I know nothing but can come when one is wedded on that day. You are friends of Monty's and I know God will bless you."

"HELEN OLDHAM."

When the reading of the letter was finished the boys took their hats off and three rounds cheers and a tiger were given for the writer.

"I'd steal that girl myself, if I was younger," declared Billy.

When Easter day dawned, eight good men and true rode into Arapahoe with Monty in their midst, an innocent and unsuspecting person. The day was radiant with sunshine, and the prairie flowers were just beginning to blossom out in all their glory. As Shorty remarked, "things looked like for wedding's and such."

Rev. Augustus Thomas was merely told that he was to perform a marriage ceremony, and he was happy and pleased to render any assistance possible. "The license had been secured and every detail had been properly attended to. So when the train pulled into the station, Monty was under close guard to prevent his wandering away. The surprise, as Billy figured it, was to be complete. And when the train stopped at the watering tank the passengers were surprised to see two ferocious and disheveled cowboys pass down the aisle, carefully examining every face. But when the last coach was reached these two gentlemen appeared and called loudly for assistance.

"She ain't there," was the solemn declaration.

"Take another look," yelled the amazed Billy. "I'll hold the train or there'll be an engineer and fireman slaughtered."

But Miss Helen Oldham was nowhere to be found. She was not aboard the limited, that was sure. For every nook and cranny of the train had been carefully searched, and the passengers were beginning to think that a regulation hold-up was in progress.

"Fools, fools, fools," shrieked the frantic Monty, when the mysterious proceedings were explained to him.

"Don't you know that Easter happened last Sunday? My poor Helen, what must she have thought? What shall I do?"

And he buried his face in his hands and almost sobbed, while eight cow-punchers stood about in exceedingly embarrassed attitudes.

"It's all that almanac of yours," sighed Billy, looking daggers at the miserable Shorty. "Ain't you got any better sense than to not know that Easter doesn't come on the same day every year?"

While every one was blaming every one else and while the wild-eyed

"Monty" Rode the Whole Day Long Among the Cattle.

Monty paced up and down the platform, a special delivery letter was handed to Mr. McDermott. It was from Miss Oldham, and it read:

"I am in San Francisco at my aunt's, and I have forever lost faith in mankind. I thought you were honest and good and I thought that you play a miserable joke on an innocent girl. I had determined to go back home and never mention this again. But I am writing to ask you if you have any explanation to make. I have thought that there might have been some accident. If the whole thing was a joke, you need not answer this letter."

With a wild yell, Monty sprang to the telegraph office and the following message to Miss Helen Oldham was hurriedly dispatched:

"Am coming to you of the next train; 'MONTY'."

And after hours of waiting Monty

boarded the express, which seemed to run at a snail's pace, and eight good men and true rode slowly out of the town.

"I want all you boys to bear me," solemnly declared the mournful Billy, as the gang assembled after supper, "and be it known by these presents that if I ever again attempt to fix up an Easter romance, I hope I'm shot for a rascal."

Exactly one week after the above mentioned occurrences Mr. Billy McDermott again was the recipient of a special delivery letter which the "old man" brought out from town. It was from Monty.

"Good boys," it read, "you have all the cupids that ever existed batten to a stop. Miss Helen Oldham is now Mrs. Monty Levering, thank you, and we are starting for Boston to-morrow. Judge Oldham has wired his forgiveness, and I'm afraid I will never again punch cows. Mrs. Levering and I expect to pay you all a visit, however, some time in the future. But until then good-by. Regards to everybody."

"Well, I'll be darned," was the only expression that Mr. Billy McDermott could give to his feelings.

And every Easter there is a big box of carnations and many, many edibles sent out all the way from Boston to the ranch where Mr. Billy McDermott holds proud and lofty sway.

The Broken Lily

By Marie F. Swift

The lily was white and very fragrant, but it was broken from its stem, and so, of course, no one wanted it. However, one hungry-eyed boy came along. It was his custom to pass every day by the market of the Madeline and gaze in on the floral luxuries that he could not afford to buy. So today, as usual, he came, and he saw the lily.

"How much for the lily?" he asked.

"That thing?" said the market woman. "You may have that for nothing."

So the boy took it home and put it in a glass jar filled with water.

A day or two later, to his surprise, he saw little tendrils clinging to the sides of the jar. He said, "I will wait."

So he waited, and presently the lily grew and grew, and soon a tiny bud appeared on the stem of the poor, broken thing, then another, until, lo! a beautiful cluster of wax-like buds and blossoms greeted him one morning.

He took the lilies to the church, and laid them on the steps of the altar, when hark! a still, small voice was heard: "A bruised reed shall He not break, and smoking flax shall He not quench."

Next morning the boy arose and went as usual to the early mass, accompanied by his mother. On his way there he told her about the lily. "Do you think they saw it on the altar steps?" he asked. "Or perhaps the old, half-blind sacristan stepped on it and then threw it away."

They entered the church.

"O Salutaris Hostia!" pealed forth the full round tones of the organ, while a chorus of fresh young voices sang the song of praise.

The boy looked up, and there, close to the tabernacle, surrounded by gleaming tapers, and with clouds of incense all around, there rested the branch—his branch of snowy, golden-hearted lilies. Some one had found them on the steps of the altar, had placed them in a beautiful crystal vase, and they now occupied the post of honor. The boy's eyes filled with happy tears and he clasped his hands and joined in the beautiful service as only an innocent, happy-hearted child can, one with a heart of gold like to his own pure lilies.

"No star is ever lost we once have seen, We always may be what we might have been."

Must Be Strenuous Preacher.

A theological student was sent one Sunday to supply a vacant pulpit in a Connecticut valley town. A few days afterward he received a copy of the weekly paper of that place with the following item marked: "Rev. — of the senior class at Yale seminary supplied the pulpit at the Congregational church last Sunday, and the church will now be closed three weeks for repairs."

At the Council of Nice.

The arrangement for determining the date upon which Easter shall be celebrated was inaugurated at the council of Nice in 325.

Fixing Easter Day.

Easter day is the first Sunday after the fourteenth day (not the full moon) of the calendar month which happens on or next after March 21.

Hint to the Fastidious.

Since milk bottles are invariably handled by the top fastidious women will wash off the bottle before removing the paper cap.

HIS WHEAT WENT 22 BUSHELS TO THE ACRE.

HE REALIZED \$18 PER ACRE FROM IT, WHILE OATS GAVE HIM \$17 AN ACRE.

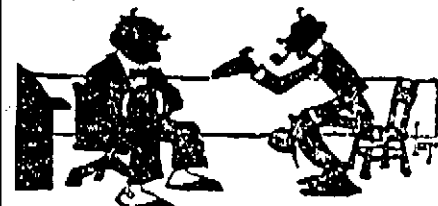

Moose Jaw, Sask., Nov. 18th, 1907. Writing from Moose Jaw, Saskatchewan, Mr. S. K. Rathwell says:

"I have much pleasure in saying that on my farm this year I had 500 acres in wheat, and 120 acres in oats. My wheat averaged about 22 bushels per acre, and I had 200 acres cut before the frost, which I sold at 85 cents per bushel, thus realizing on that wheat \$18.00 per acre, not counting cost of twine, seed and labor. With regard to the other 300 acres of wheat, it got touched with frost but is worth 60 cents per bushel. It will net me \$13.00 per acre, but I do not intend to sell it at that price, as I can make more money by feeding it to hogs."

"My oats turned out about 50 bushels to the acre, and at 35 cents per bushel will give me \$17.00 to the acre, not counting seed, twine and labor."

"On account of the late spring, a percentage of the grain was touched with frost, but on account of good prices, farmers will realize a fair profit on their farms even this year. We are as usual up against a shortage of cars to get our grain removed."

NOTHING MORE TO SAY.

"Well, I'll tell you. She's got a notion I'm going to survive her and that it will be collected by No. 2."

HOW TO APPLY PAINT.

Greatest care should be taken when painting buildings or implements which are exposed to the weather, to have the paint applied properly. No excellence of material can make up for carelessness of application, any more than care in applying it can make poor paint wear well.

The surface to be painted should be dry and scraped and sanded smooth. Pure white lead should be mixed with pure linseed oil, fresh for the job, and should be well brushed out, not flowed on thick. When painting is done in this manner with National Lead Company's pure white lead (trade marked with "The Dutch Boy Painter") there is every chance that the job will be satisfactory. White lead is capable of absolute test for purity. National Lead Company, Woodbridge Building, New York, will send a testing outfit free to any one interested.

SKIN TROUBLES CURED.

First Had Itching Rash—Threatened Later With Blood-Poison in Leg—Relied on Cuticura Remedies.

"About twelve or fifteen years ago I had a breaking-out, and it itched, and stung so badly that I could not have any peace because of it. Three doctors did not help me. Then I used some Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent and began to get better right away. They cured me and I have not been bothered with the itching since, to amount to anything. About two years ago I had a gripe and pneumonia which left me with a pain in my side. Treatment ran it into my leg, which then swelled and began to break out. The doctor was afraid it would turn to blood-poison. I used his medicine but it did no good, then I used the Cuticura Remedies three times and cured the breaking-out on my leg. J. P. Hennessy, Milan, Mo., May 13, 1907."

PRESCRIPTION PURIFIES BLOOD

Neutralizes Poisonous Acids and Stops Rheumatic Pains and Catarrh

The following prescription is very simple, but is the most effective obtainable for neutralizing acid poisons in the blood and relieving rheumatism and all its kindred ailments; it will also quickly restore the system to a healthy condition. Any one can prepare this simple mixture. The ingredients can be obtained at any well stocked drug store:

"One ounce Compound Syrup of Sarsaparilla; one ounce Toris Root Compound; half pint high grade whiskey. Mix and use a tablespoonful before each meal and at bed time. The bottle must be well shaken each time." Toris Root Compound is a product of the laboratories of the Globe Pharmaceutical Co., Chicago.

The good effect of this treatment is said to become apparent after the first few doses and that it is a remarkable system builder and renovator.

ADVERTISING RATES.
Display advertisements—For a contract of three months or more, ten cents per column inch will be charged for each insertion. For a shorter time higher rates will be charged.

In addition to the above, all composition in display ads in excess of three minutes per inch, will be charged at the rate of thirty cents per hour.

READING NOTICES.
Reading notices will be charged at ten cents per line for the first insertion and five cents per line for each subsequent insertion.

ALL NOTICES will be charged at regular rates except notices of church services. Paid entertainments for churches will be charged at half rates.

Governor Davidson announces his candidacy for re-election as governor. He completed LaFollette's unexpired term and has served one term since.

Mayor Sherble Becker of Milwaukee has announced himself as a candidate for governor and has completed arrangements to tour the state in a balloon during his campaign. Several county fair associations are endeavoring to secure Sherble to make balloon ascensions at the fairs next fall. We think that he will make a bigger "hit" as a balloonist than as a candidate for governor.

It is learned from good authority that members of the Liquor Dealers Protective Association of this city decided at a recent meeting that they would work for the betterment of the saloon conditions. It is said that immediate action will be taken against any dealer who does not conduct his business in a proper manner. Providing this agreement is lived up to it will greatly improve the saloon conditions. There is a strong tendency on the part of many of the liquor dealers to correct the evils themselves rather than have a rigid enforcement from without.

EMERGENCY CURRENCY.
The Aldrich emergency currency bill passed the senate by an overwhelming majority. It is not looked upon favorably by the New York bankers. Although it has strong opposition it may become a law for there is a general conviction that something should be done before the next financial stringency. As passed by the Senate, railway securities are eliminated as a basis of the currency. The issue of emergency currency may not, in any case, exceed \$500,000,000. It is to be based on state, county, and municipal bonds, approved by the secretary of the treasury; and it is to carry a special tax of one-half of one per cent. a month for the first four months, increasing to three-quarters of one per cent. a month if the circulation is kept more than four months.

The following expresses the sentiment of The New North man:
"It costs a newspaper money every time it makes a stand on any question. Almost any other citizen beside a newspaper man can do so without incurring his business, because he is not put on record. When a newspaper publishes anything it is there in black and white and no way to get around it. If the editor advocates improvement, the mossbacks go after him and sometimes stop their paper. If he opposes improvements, the progressive sort get on his frame and call him a back number. If he boosts the churches, the liberal elements call him crazy and if he doesn't the church people say he is going to the devil. If he publishes local news, some say it is all nonsense and if he doesn't get it in the neck from those who look for short items. If he publishes politics the opposition gets into his hair and if he doesn't he is charged with being afraid to stand out for his opinion. If he condemns mail order houses, there are some people who ask him to attend to his own business as they have the right to trade where they please. If he publishes mail order ads, the home merchants go after his goods. No paper can come out square without making enemies and losing money, and in the run of a year or so will incur some criticism from nearly everybody. But this should not be discouraging. The newspaper that undertakes to please everybody will please nobody, and if it is honest and sincere and thoughtful the public will respect it."

The Mutual Telephone Co., of this city has asked authority of the railroad commission to increase its rates for all business phones. Notice is given by the commission that on the 21st day of April at 9 o'clock on the forenoon of that day in the office of the railroad commission in the city of Madison the commission will hear the application. Any person interested in this increase in telephone rates will be given an opportunity to set forth his reasons why such rates should not be raised. The city granted the telephone company a charter to erect its plant and do business in the city of Rhinelander and it was hoped that a committee would be appointed by the mayor to look up the merits of the request for an increase in rates, but no action has been taken. The amount which the company represents it has invested in the plant outside of the original cost has been earned in its operation, aside from a 12 per cent. dividend which has already been paid to all stockholders. The increase in length of lines and number of 'phones and the new switch board which has been recently bought have all been taken out of the earnings of the plant. The company is not so heavily in debt to day, after having made all these necessary improvements and extensions, as it was when it was organized. An attorney who has looked up these matters says that the tendency of companies who are asking for an increase in rates is to make the investment appear as large as possible including all worn out and cast aside machinery. They are inclined to represent as the original cost the repairs which have really been earned by the company.

In fairness to the company and the telephone users the city officials should carefully look up this matter and if necessary have a representative in Madison to look after the interests of the users.

NATURE'S WARNING.
Rhinelander People Must Recognize and Heed It.
Kidney ills come quietly—mysteriously.
But nature always warns you. Notice the kidney secretions. See if the color is unhealthy—If there are settlings and sediment, Passages frequent, scanty, painful.

It's time then to use Doan's Kidney Pills.
To ward off Bright's disease or diabetes.
Doan's have done great work in Rhinelander.
Mrs. John Hall, 722 Dorr St., Rhinelander, Wis., says: "I was attacked with kidney trouble about one year ago, which came on very suddenly with a severe pain in the small part of my back. My sides seemed to hurt me too. I was troubled with headache most of the time, and in a few days after the backache began I noticed that the kidney secretions were very unnatural. I sent to Rhinelander's drug store and got two boxes of Doan's Kidney Pills, and began taking. They relieved me entirely of the backache and the other difficulties in a very short time. I have not taken any kidney medicine since as I have not needed it. I am feeling well and know Doan's Kidney pills cured me."

DEATHS.
Martin McHugh, a woodman aged 47 years, died last Thursday at St. Mary's hospital. The man had been ill with diphtheria. For several years McHugh had worked in the logging camps in this vicinity—but nothing could be learned regarding his relatives. The body was buried by the county in Forest Home cemetery.

A Russian family named Klimes lost a child suffering with diphtheria Monday. The family live on a farm in the Town of Neabold.

Mrs. Sarah W. Hall of Mercer died Thursday after an illness with appendicitis at St. Mary's Hospital. She is survived by several children. The body was taken to Minneapolis for burial, Friday morning.

The remains of Chas. Prallch of Bundy were interred in Forest Home cemetery, this city, last Friday.

Prallch was formerly postmaster at Bundy and ended his own life by taking laudanum. He was found in the rear of the post office still conscious after swallowing the poison. He died within a short time. It is thought that Prallch became despondent through excessive drinking and it is also rumored that he was short in his post office accounts. No inquest was held as the district attorney of Lincoln county believed such action unnecessary.

St. Paul, Minn.
Gentlemen: I have been suffering from rheumatism, I was laid up in bed and gave up all hope of being cured. Your remedy was recommended to me by Chief of Police O'Connor, who said could cure him. On taking one-fourth of the bottle I was able to get out of bed the first time in thirty days. I have taken one second bottle and now consider myself entirely cured. I write this that others may know of this wonderful remedy. Respectfully yours,

Letter to Mr. A. W. Crusoe, Rhinelander, Wis.

Dear Sir: It's an old saying: the best advertisement is a pleased customer.

It happens to us continually in this way: A man buys Devoe for his house—he has painted it once in three years for a dog's age, and thinks he knows what he wants—buys 30 gallons, and has 10 left.

He sees right-off that 20 Devoe is as much as 30 of anything else. He likes that; it comes quick; it is a surprise; and he tells of it. The best advertisement is a pleased customer.

Three years roll round. "There isn't a sign that his house needs paint; he don't paint it. Next year he don't paint it. This comes slow; it is a surprise; but he has got used to it. Still the best advertisement is a pleased customer.

Yours truly,

COUNTY BOARD PROCEEDINGS.
Rhinelander, Wis., March 25, 1908, 2 P. M.

Board of Supervisors of Oneida County, Wis., met pursuant to recess taken. Meeting called to order by Chairman A. Taylor. Roll call, all members present except Supervisor Hehke. The chairman declared the motion made by Supervisor Brown in relation to the appropriation of \$80,000.00 for Court House out of order.

Moved by Supervisor Brown and seconded by Supervisor Marshall that the whole matter of building a Court House at this time be indefinitely postponed. Motion lost, the Supervisors voting as follows: Barlow, Bolger, Conniff, Dunn, H. E. Knapp, E. W. Knapp, Keeler, Meyer, Strangstad, Scholtz, Scholtz, Taylor, Whipple and Wubker (15) voting no, and Brown, Bowles, Marshall and Stygczynski (4) voting aye. Supervisor Hayford not voting. The following report of the Building Committee was read:

REPORT OF BUILDING COMMITTEE.
To the Honorable County Board of Oneida County.

Gentlemen:—Your building committee appointed under resolution adopted at the last meeting of the Board, beg leave to report as follows:

A preliminary meeting of the committee was held on Feb. 15th at the office of the County Clerk, at which meeting a majority of the committee was present, and at which time the committee took measurements and data, of the present Court House, for the purposes of comparison, and discussed the question of building a strictly fire proof Court House.

It was the opinion of the committee, that it would be for the best interests of the County, to build a strictly fire proof building, as it appeared, that that would be the only way in which sufficient vault room properly lighted and ventilated, could be obtained, and in which a building could be constructed, which would be adequate to the needs of the County, for a long time to come, avoiding at the same time any danger of its destruction by fire.

In furtherance of this opinion of the committee, it was decided that architects be consulted, and that two members of the committee be sent out to visit and obtain data, upon the cost of construction of some of the recently constructed modern fireproof Court House buildings. Pursuant to this decision two members of the committee, Arthur Taylor and Wm. Whipple, visited and inspected, Court Houses at Barron and Elsworth, Wis., Fairmont and Albert Lea, Minn., and Vinton and Waterloo, Iowa, and also met and consulted with architects and material men in Chicago, and interviewed several bond brokers relating to the negotiation of County Court House bonds.

It became evident to the committee, that from all the data and information received, that a strictly fire proof building suitable to the needs of the County, built on lines of modern construction, could not be erected for less than about \$100,000.

Your committee therefore decided to ask the Board for an appropriation for that amount, and to build a strictly, first class modern fireproof structure, which would accommodate the needs and business of the County for at least 100 years to come.

Upon this basis the committee advertised for sketches plans, to be submitted in open competition, on the 10th day of March.

Plans were received from 17 competing architects at a meeting of the committee, held on that day at which all the members of the committee were present.

After examination of the plans, and full discussion of the same, the committee decided to accept, and present to the board for adoption, the plans presented by C. H. Teegen of Manitowish, Wis., subject to the approval of such plans, by a supervising architect.

The plans presented, and accepted by the committee, are for a building which the architect guarantees, will not cost to exceed the sum of \$100,000 including the architect's fees.

They present a building which will be strictly first class in all its parts, absolutely fire proof, containing ample vault room with quarters for all county officers, 3 court rooms, and an independent outside heating plant from which both jail and Court House can be heated.

The committee recommend that the

plans presented be adopted by the board, and that an appropriation of \$100,000, be made for the purpose of constructing a Court House, such appropriation to be raised by the issue and sale of negotiable bonds of the county, bearing interest at the rate of 5 per cent per annum, interest payable semi-annually.

All of which is respectfully submitted.

ARTHUR TAYLOR,
Wm. B. WHIPPLE,
HENRY WUBKER,
J. M. BOLGER,
Committee.

Moved by Supervisor Hayford and seconded by Supervisor H. E. Knapp, that the report be adopted as read. Carried, the Supervisors voting as follows: Barlow, Bowles, Conniff, Dunn, Hayford, H. E. Knapp, Keeler, Meyer, Strangstad, Scholtz, Taylor, Wubker and Whipple, 13 voting aye and Brown, Bolger, E. W. Knapp, Marshall, Scholtz, Scott and Stygczynski (7) voting no.

On motion General Claim No. 8 was allowed at \$29.50 and chairman and clerk instructed to draw an order for same, all voting aye.

On motion bill of the town of Enterprise in amount \$113.85 was allowed at \$83.45 and chairman and clerk instructed to draw an order for same, all voting aye. The following Ordinance was read:
